Namirial  
COMPLIANT

Namirial Group, as producers of software concerning handwritten biometric signature, certify that the  
**DELL PRO 7 14 2-IN-1 P704265**

is a **Namirial Compliant Device** with the following features:

| DEVICE |                    |                              |
|--------|--------------------|------------------------------|
| (1)    | BRAND              | DELL                         |
| (2)    | DEVICE NAME        | DELL PRO 7 14 2-IN-1 P704265 |
| (3)    | MAX PRESSURE LEVEL | 4096                         |
| (4)    | DIGITIZER          | WACOM ACTIVE ES              |
| (5)    | PEN MODEL          | DELL PN526 and DELL PN7522W  |

- |                                  |                                                                                                                                               |
|----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Device brand                  | 3. Maximum value of pressure detectable using the stylus or number of distinct values of pressure which is possible to detect with the stylus |
| 2. Commercial name of the device | 4. Type of Digitizer                                                                                                                          |
|                                  | 5. Compatible model of pen                                                                                                                    |

The certificate doesn't mention the OS version. The compatibility should be checked with Namirial.

Considering the above features, and the certification process, the device can be used with the handwritten biometric signature solutions, provided by Namirial for:

| BASIC                                                                              | ADVANCED                                                                                           |
|------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------|
|                                                                                    |                                                                                                    |
| Biometric Data Detection (coordinate, time, pressure) to be inserted in a PDF file | In addition to Basic, Biometric verification - Significant Biometric Server - <b>cross</b> devices |

*Notes: The certificate is valid on the date of issue. The same device can be updated at FW and OS level and this could invalidate the certification.*
