

# Namirial Compliant Device

NAMIRIAL S.p.A.  
www.namirial.com

Namirial  
COMPLIANT

Namirial Group, as producers of software concerning handwritten biometric signature, certify that the  
**LENOVO THINKBOOK PLUS 3 GEN**

is a **Namirial Compliant Device** with the following features:

DEVICE		
(1)	BRAND	LENOVO
(2)	DEVICE NAME	THINKBOOK PLUS 3 GEN
(3)	MAX PRESSURE LEVEL	4096
(4)	DIGITIZER	WACOM
(5)	PEN MODEL	LENOVO E-COLOR PEN

- |                                                                                                             |                                                                                                                                                                                                                                                                   |
|-------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ol style="list-style-type: none"> <li>1. Device brand</li> <li>2. Commercial name of the device</li> </ol> | <ol style="list-style-type: none"> <li>3. Maximum value of pressure detectable using the stylus or number of distinct values of pressure which is possible to detect with the stylus</li> <li>4. Type of Digitizer</li> <li>5. Compatible model of pen</li> </ol> |
|-------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

The certificate doesn't mention the OS version. The compatibility should be checked with Namirial.

Considering the above features, and the certification process, the device can be used with the handwritten biometric signature solutions, provided by Namirial for:

BASIC	ADVANCED
Biometric Data Detection (coordinate, time, pressure) to be inserted in a PDF file	In addition to Basic, Biometric verification - Significant Biometric Server - <b>cross</b> devices

*Notes: The certificate is valid on the date of issue. The same device can be updated at FW and OS level and this could invalidate the certification.*
